

# Lyrics Addictions a Horror Story

## (Intro)

What am I doing hear right now  
What is this place  
How I get here  
I got to get out of here

## Verse 1

Can't gas me  
Ima pretty boy  
Great gatsby  
Nice living through  
Pain and sacrifice  
Easy to die by the gun  
Harder to die by the knife  
up close personal  
Stab you want you  
To know that it's hurting you  
Hospital terminal  
Every time you piss  
Think of me missing  
The urinal  
Ahhhh  
Spit on your grave  
after the funeral  
Grimey  
Why try me  
Just another whiteboy  
Lived a depressing life  
Grew up got married  
Had a terrible wife  
Cheated on me  
More then twice  
Called the plumber  
To see his pipe  
Precious  
Try growing up middle class  
Wanting a death wish  
Missing every message  
Never learn your lesson  
Pushing buttons  
Turned into something dark  
Wouldn't like me when I'm angry  
Incredible Hulk  
Writing in my room  
Problem since the whom  
Real life  
Not a cartoon  
Not perfect  
Not worthless  
Every chance

Worth it  
Live with a purpose  
Yaaaaa  
Be dammed  
If the show ends  
With no curtain  
For certain  
Certainly a prodigy  
Modestly living  
everything earned  
Nothing given  
No concern  
Weather I make it  
No question  
Mine for the taking  
Ima take it watch me take it  
Ahhhhhh

Help !  
Help !

## Verse 2

From the city  
That never sleeps  
Not Miami  
Still giving up heat  
Struggled everyday  
In the street  
Lifetime prescription  
Another homeless  
Whiteboy  
Lost in addiction  
Needle in my arm  
Preying it be different  
Preying for a witness  
If I pass hope my family  
Knows I love em  
Didn't want to crush em  
Diranged  
Couldn't deal with nothing  
Turned into something  
Better then that  
Never held back on track  
That's fact  
Need it bad  
Want this more  
Then anything  
I ever had  
Everything else  
Have it back

Let me in  
here to win  
Time to get it in  
Need the credit  
Nothing better  
Chasing cheddar  
Yaaaaa  
This business  
Nothing personal  
Hurting you  
Turn up  
Can't stop  
Won't stop  
Taking the game ASAP  
Homies saying G  
Take that  
Take that  
take that  
Nasty  
Can't have me  
Sold so much  
Need a Grammy  
Smoke so much  
Should've been a roster  
Manifest like a doctor  
Saw the light  
Need an Oscar  
I'm my biggest  
Opponent  
Need it  
Want it know it  
Numb  
Can't run  
To much to over come  
Think the mixtape hot  
Wait till the album done  
Fire the games new sigher  
Never been  
A lied  
Ima start a riot  
B more  
Fall back  
Before  
It turns into the wire  
  
(Ending words)  
Can't believe I put myself  
through this hell  
Got know one else to blame  
Man addictions a horror story
