

Change

By: THE PHILOSOPHERS

Chorus:

Gotta change the world
Find the change in me
Gotta change the view of society

Verse 1:

You do what you want
You need what you need
You say what you say
Buy you can't take that away from
me

I am who I am
You are who you are
We may disagree
So let it be, let it be

Rap 1:

Gotta change, change for the better
I gotta change, change for the better
I gotta change, change for the better
I gotten money on my mind but
that turns into a crime
I'm yellin' Momma please bail me
out
But she can't pay the fine so I gotta
serve my time
I hear the cell block close
Now I wanna go home
I have good thoughts instead of
shots to the dome
I gotta take a new route

Show these people that I aint no
slouch
No more sleepin' on my homies
couch
I gotta spend time at my Momma's
house

Chorus

Verse 2:

I do what I want
I need what I need
I say what I say
But you can't take that away from
me

I am who I am
You are who you are
We're gonna disagree
So let it be, let it be

Rap 2:

All my life I had to fight for mine.
Tryin' to shine.
I wanna be great. Always thought I
was runnin' out of time,
Press rewind, to a couple of times
in the past
was always cutting class, puffin
grass, in my thoughts no one
trespassed

Feelin' kinda jet lagged. I get mad
when I think about all of the good
things I once had.

As I'm here I'd like to think I
learned from my mistakes
Tired of jokes, redirecting people
from what they really aint
Soon I'm a be the topic of a great
debate

18 with my third eye wide
Glad I ain't put my dreams aside
cause I was born with a talent I
can't hide
I won by a landside.

Chorus

Descant:
One day I'll find a change in me
I hope that you can see
I'm on my way to sobriety
Gonna show the world what I can
be

Verse 3:
We see what we see
We'll be what we'll be
We change what we'll change
And we choose our destiny

No matter how long
It takes to fix our wrongs
It all will be clear
When you listen to our song!

Chorus x2
