

# It Don't Matter

By: REHAB

Sittin' in traffic another day of feeling nothing  
Trying to find something I guess it's back to huffin'  
Paint and model glue oh how I die when I look  
At you smilin' lovin' life and all I know is blue  
Rainy days and cold stares broken love affairs  
Everything's beautiful as long as I ain't there  
I guess I wasn't meant to crack a smile who cares  
I think I'll go to sleep for a while now

I'm barely livin' in my skin depression's my only friend  
And I don't know where I am heading tryin' to forget where I've been  
And I'm so sick of lying God please show me that silver lining  
Cuz I've heard tale and I'm not well my heads full of hell and  
This world's a jail but

And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear  
And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear

And as the pain begins to displace had it to ear level  
With this place you see it on my face a state of suspended grace  
Gradually I erase and find comfort in the sickest womb  
I might be present but no in the room  
To whom it may consume melting ensembles bleeding Chellos running through Bordellos drama  
Like Othello hidin' out from Poncharello  
Dead off in the Median  
Fallin' apart like usual handin' out flyers to my funeral

So they say that life's a play and that all the world's a stage  
Then for another part I pray the show ends the same way every day  
And my heart carries the pain of a brain I can't explain  
Am I insane  
Am I insane

And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there

And everything here's hard to bear  
And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear

And everything good is gone  
And everything good is gone  
And everything good is gone  
And everything bad is here  
And everything bad is here  
And everything bad is here  
It doesn't really matter now does it

And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear  
And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear
